Members	David McKenzie
	Andrew Roy
	Melanie Shepherd
	Calvin Wood
	Councillor Paul Duffy

IN ATTENDANCE

Committee Advisor	Fiona Dunlop
Community Partnership Leader	Michelle Stevenson

Contact Telephone: 0800 732 732
Postal Address: PO Box 903, Invercargill 9840
Email: emailsdc@southlanddc.govt.nz
Website: www.southlanddc.govt.nz

Full agendas are available on Council's Website
www.southlanddc.govt.nz

Note: The reports contained within this agenda are for consideration and should not be construed as Council policy unless and until adopted. Should Members require further information relating to any reports, please contact the relevant manager, Chairperson or Deputy Chairperson.

Terms of Reference – Community Boards

Community Boards are bodies established by statute. Their responsibilities and powers are as delegated by the Southland District Council which are to:

- Represent and act as an advocate for the interest of its community.
- Consider and report on all matters referred to it by the Southland District Council, or any matter of interest or concern to the Community Board.
- Maintain an overview of services provided by the Southland District Council within the community.
- Consider annual estimates for expenditure within the community and recommend these to Council.
- Communicate with community organisations and special interest groups within the community.
- Undertake any other responsibilities that are delegated to it by the Southland District Council.

In addition to these activities, Community Boards will consider how best to provide for their communities, and the people who live there, into the future.

Community Board members will provide leadership by:

- Positively representing their community and the Southland District
- **Identifying key issues that will affect their community's future and work with Council staff and other local representatives to facilitate multi-agency collaborative opportunities.**
- Promote a shared vision for the wider community of interest area and develop ways to work with others to achieve positive outcomes
- Community Boards will adopt a strategic focus that will enable members to:
- Provide local representation and guidance on wider community issues, initiatives and projects.
- Contribute to the development and promotion of community cohesion, by developing and supporting relationships across a range of stakeholders at a local, regional and national level.
- Take part in local community forums, meetings and workshops.
- Inform local residents and ratepayers on issues that affect them.

Community Boards shall have the following delegated powers and be accountable to Council for the exercising of these powers

Engagement and representation by:

- **Facilitating the Council's consultation with local residents and community groups on local issues and local aspects of district wide issues including input into the Long-term Plan, Annual Plan, and policies that impact on the Board's area.**
- Engaging with council officers on local issues and levels of service, including infrastructural, recreational, community services and parks, reserves and cemetery matters.
- Representing the interests of the community at Council, Committee or Subcommittee meetings when a motion under debate relates to a matter that the Board considers to be of particular interest to the residents within its community.
- Monitoring and keeping the Council informed of community aspirations and the level of satisfaction with services provided.

Financial by:

- Approving expenditure within the limits of annual estimates.
- Approving unbudgeted expenditure for locally funded activities up to the value of \$10,000.

Rentals and leases

- In relation to all leases of land and buildings within their own area, on behalf of Council;
 - Accepting the highest tenders for rentals of \$10,000; or less per annum.
 - Approving the preferential allocation of leases where the rental is \$10,000 or less per annum.
-

Local assets and facilities by

- Overseeing the management of local halls and community centres which are owned by Council and where no management committee exists. This will occur by way of relationship with officers of Southland District Council.
- Appoint a local liaison person responsible for community housing.

Some Community Boards have specific delegations in addition to the broad delegations above:

Stewart Island/Rakiura Community Board

- Contributing to the development of policy relating to the governance of the Stewart Island Electrical Supply Authority (SIESA).
- Overseeing the management of SIESA by way of relationship with officers of Southland District Council.

Te Anau Community Board

- Overseeing the management of the Te Anau/Manapouri Airport by way of relationship with officers of Southland District Council.

The Community Boards can make recommendations to Council on:

Assets and Facilities

- Annually providing feedback on any asset management plans or community services strategies applicable to the community for which the Community Board is responsible.

Rentals and leases

- In relation to all leases of land and buildings within their own area, on behalf of Council;
 - Recommending rentals in excess of \$10,000 per annum to the Group Manager Services and Assets
 - Recommending the preferential allocation of leases where the rental is in excess of \$10,000 per annum to the Group Manager Services and Assets.

Contracts/Tenders

- Recommending tenders less than \$200,000 to the Group Manager Services and Assets.
- Recommending tenders in excess of \$200,000 to the Services and Assets Committee.
- Recommending tenders to the Services and Assets Committee where preference is not for acceptance of the highest tenderer,

Financial

- Recommending annual estimates to Council.
- Recommending unbudgeted expenditure in excess of \$10,000 to the Services and Assets Committee.

Local Policy

- Considering matters referred to it by officers, the Council, its committees or subcommittees, including **reports and policy and bylaw proposals relating to the provision of council services within the Board's area**; and
- Making submissions or recommendations in response to those matters as appropriate.

The Chairperson of each Community Board is delegated with the following additional responsibilities:

- Approval of leases, rental agreements and the rollover of existing contracts under \$1,000;
- Engaging with Community Board members to make submissions to the Council on behalf of the Community Board where a submission period is outside of the Community Board meeting cycle. Where a Chairperson is unable to base a submission on a consensus among Community Board members, a Community Board meeting must be held.

7.6 Update from Officers on the Wyndale Transfer Station	

CHAIRS REPORT

Chair Yorke to update members on matters that she has been involved with since the last meeting of the Board.

COUNCILLOR'S REPORT

Councillor Duffy to update members on matters from around the District Council table.

1 Apologies

At the close of the agenda no apologies had been received.

2 Leave of absence

At the close of the agenda no requests for leave of absence had been received.

3 Conflict of Interest

Committee Members are reminded of the need to be vigilant to stand aside from decision-making when a conflict arises between their role as a member and any private or other external interest they might have.

4 Public Forum

Notification to speak is required by 5pm at least two days before the meeting. Further information is available on www.southlanddc.govt.nz or phoning 0800 732 732.

5 Extraordinary/Urgent Items

To consider, and if thought fit, to pass a resolution to permit the committee to consider any further items which do not appear on the Agenda of this meeting and/or the meeting to be held with the public excluded.

Such resolution is required to be made pursuant to Section 46A(7) of the Local Government Official Information and Meetings Act 1987, and the Chairperson must advise:

- (i) the reason why the item was not on the Agenda, and
- (ii) the reason why the discussion of this item cannot be delayed until a subsequent meeting.

Section 46A(7A) of the Local Government Official Information and Meetings Act 1987 (as amended) states:

"Where an item is not on the agenda for a meeting,-

- (a) that item may be discussed at that meeting if-
 - (i) that item is a minor matter relating to the general business of the local authority; and
 - (ii) the presiding member explains at the beginning of the meeting, at a time when it is open to the public, that the item will be discussed at the meeting; but
- (b) no resolution, decision or recommendation may be made in respect of that item except to refer that item to a subsequent meeting of the local authority for further **discussion."**

6 Confirmation of Minutes

6.1 Meeting minutes of Edendale-Wyndham Community Board, 22 August 2017

Edendale-Wyndham Community Board

OPEN MINUTES

Minutes of a meeting of Edendale-Wyndham Community Board held in the Memorial Hall, Balaclava Street, Wyndham on Tuesday, 22 August 2017 at 7.30pm.

PRESENT

Chairperson	Pam Yorke
Deputy Chairperson	Denise Fodie
Members	David McKenzie
	Andrew Roy
	Melanie Shepherd
	Calvin Wood
	Councillor Paul Duffy

IN ATTENDANCE

Governance and Democracy Manager	Clare Sullivan
Community Partnership Leader	Michelle Stevenson

1 Apologies

Apologies for lateness were received from Andrew Roy and Councillor Duffy.

Moved Deputy Chairperson Fodie, seconded Member Shepherd and **resolved:**
That the Edendale-Wyndham Community Board accept the apologies.

2 Leave of absence

There were no requests for leave of absence.

3 Conflict of Interest

There were no conflicts of interest declared.

4 Public Forum

There was no public forum.

5 Extraordinary/Urgent Items

There were no Extraordinary/Urgent items.

6 Confirmation of Minutes

Moved Member Wood, seconded Deputy Chairperson Fodie **and resolved:**

That the Edendale-Wyndham Community Board confirms the minutes of Edendale-Wyndham Community Board, held on 27 June 2017 as a true and accurate record of that meeting.

Councillor Duffy and Andrew Roy joined the meeting at this point.

Reports

7.1 Council Report

Record No: R/17/7/15745

Community Partnerships Leader – Michelle Stevenson was in attendance for this item.

Ms Stevenson took the Board through the Council report and particularly highlighted the following:

- Bonamia Ostreae Response
- Representation Review
- Community Conversations

- Service Delivery Scoping Project
- 2018-2028 10 Year Plan
- Venture Southland Community Development assessment of facilities
- Notice of Requirement (Edendale)
- Community Centres
- Progress of the Alternative Coastal Route Seal Extension Project

The Board noted that an end of year financial report will be presented at the next Board meeting.

Moved Deputy Chairperson Fodie, seconded Member Roy **and resolved:**

That the Edendale-Wyndham Community Board:

- a) **Receives the report titled “Council Report” dated 11 August 2017 and asked that investigation be completed into the Edendale Reserve and what can and cannot be done on this site.**

Updates

8.1 Chairperson's Report

The Chairman, Member Yorke, advised of the issues in the Edendale/Wyndham Board area that she had been involved with since the last meeting.

She particularly highlighted:

- Matters regarding the dump site at Edendale
- Follow-up matters from the action sheet
- Submission made on the Notice of Requirement (Edendale)
- The local rate for the library
- Wyndham cemetery on finance report

Moved Chairperson Yorke, seconded Member McKenzie and **resolved that a report be presented to the October meeting of the board on information on the district cost of the library, in particular the disproportionate local rate for the library and if it will remain as a full or contribution local rate and the rating associated with the museum post December 2017 when the museum closes to the public.**

8.2 Councillors Report

Councillor Duffy advised on matters that he had been involved with since the last meeting. The Council has had a series of Long Term Plan workshops in preparation for the 2018-2028 Long Term Plan. He commented that the presentation of the annual Dog Control report noted a reduction in attacks.

The meeting concluded at 8.45 pm.

CONFIRMED AS A TRUE AND CORRECT
RECORD AT A MEETING OF THE EDENDALE-
WYNDHAM COMMUNITY BOARD HELD ON
WEDNESDAY 22 AUGUST 2017.

ANNUAL GENERAL MEETING

7.30p.m., Tuesday 26th September 2017
in the Edendale School staffroom

Present: Brent Shepherd (President), Jenny Coyle (Sec-Treas), David McKenzie (Principal), Andrew Roy, Karen Milne, Nicole Elliott, Beckz Boucherway, Jeannine Cunningham, Catherine Frantz

Apologies: Allister Gauldie, Shane Elliott, Richard Hart, Denise Fodie (Edendale-Wyndham Community Board), Debbie Smith, Reece Cameron, Wally Tiller, Katrina and Cody Read, Gary Singh

Moved: Jenny Coyle Seconded: Karen Milne All in favour. Motion carried.

Minutes of the previous AGM read and confirmed as a true and correct record.

Moved: Nicole Elliott Seconded: Andrew Roy All in favour. Motion carried.

Matters arising from minutes: Nil

President's Report: presented and moved by Brent Shepherd.

Seconded: Nicole Elliott All in favour. Motion carried.

Financial Report: (see separate document): presented and moved by Jenny Coyle. The accounts were audited by Atholl Blackmore.

Seconded: David McKenzie All in favour. Motion carried.

Jenny moved that we thank Atholl for his time with \$50 vouchers.

Seconded: Nicole Elliott All in favour. Motion carried. Jenny will organise this.

Memberships 2016-2017:

Type of Membership	Sold at Butcher Shop	Paid Online	Total Memberships	Total Payments
\$95 new member	x10	x1	x11	\$1045
\$80 renewing member	x31	x7	x38	\$3040
\$50 holiday season	x5	-	x5	\$250
\$70 holiday + extension	x4	x1	x5	\$350 + \$25^
\$20 extension	x2	x1	x3	\$60
\$65 half season	x4	x1	x5	\$325
		TOTAL SALES:		\$5095

(\$20 replacement tag)	(x1)	(+ \$20)	(= \$5115)
Volunteers	x12		
Complementary	x6	Total of 79 members	
(EPS)	(x3)		

^on the shop recording booklet S Walton was overcharged at \$95 for hol+ext so was given a refund online of \$25

Member visits:

(number of times ENTRY was gained outside of school hours; numbers are indicative only - we cannot be 100% sure of how many people actually swam; also does not count open/close time volunteer entries or swimming lesson entries)

Oct	Nov	Dec	Jan	Feb	Mar	Apr	Total
87	249	274	312	326	229	105	1582

If we consider an average of 4 swimmers per entry, then that is a possible 6336 member swimmers during the season.

Election of office bearers

President: Beckz Boucherway

Nominated: Brent Shepherd Seconded: Karen Milne All in favour. Motion carried.

We sincerely thank Brent for all his hard work as chairperson - you have provided many years of valuable support.

Vice President: Karen Milne

Nominated: Nicole Elliott Seconded: Jeannine Cunningham. All in favour. Motion carried.

Secretary/Treasurer: Jenny Coyle

Nominated: Nicole Elliott Seconded: David McKenzie All in favour. Motion carried.

Maintenance: Reece Cameron, Brent Shepherd, Glen Boucherway & others as needed

Fundraising Sub-committee: Karen Milne, Beckz Boucherway, (Edith Shepherd)

Roster organisation: Nicole Elliott - add Andrew Roy, Catherine Frantz to roster, take David off

[Agreement with the Ministry of Education and the Edendale Board of Trustees:](#)

This is awaiting review by the BOT.

Moved: Brent Shepherd Seconded: Nicole Elliott All in favour. Motion carried.

Subscription for 2017-2018:

The bond will remain at \$15:

- Existing tag-holding members can re-subscribe for FULL season at \$85 (previous bond carried over) if they pay before 1st December 2017, otherwise pay full amount after that date.

- New members can subscribe for FULL season for \$100 which will entitle them to hold a tag (and they may receive a \$15 bond refund on return of the tag at any time.)
- We decided to abolish the holiday and half-season subscriptions as the numbers do not warrant continuing with this option compared to the administration work that occurs to enable it.

Moved: Nicole Elliott Seconded: Jenny Coyle All in favour. Motion carried.

- Memberships of those who are holding a tag from last season will be reactivated for the start of the season and those members will be advised that they have until November 30th to make payment of \$85. After that date, if payment has not been received, their tag will be deactivated and they will have to pay \$100.
- Online payments will be promoted as the easiest way to pay; new memberships will need to call into the Edendale Butcher to pick up their tags.

[Pool Rules for 2017-2018 Season:](#)

Statement re Health and Safety concerns was added.

Meeting closed: 8.53pm

Next Annual General Meeting: August 2018

Copy of abridged President's Report to Edendale Informer % Karen Milne

Edendale Community Pool Society, Annual Report 2017

Item 7.1 Attachment A

It is my pleasure to present the 2017 Annual Edendale Community Pool Society Report.

I must first and foremost thank Jenny for all her hard work and help throughout the year, getting all the paper work completed to a high standard and keeping the books looking top notch. I know you are a very busy person and one we are lucky to have.

To the committee, as always the pool would not run without you, keeping me on the straight and narrow can be a challenge at times but one I appreciate.

Nicole Elliott, again making a fantastic job of the roster, making sure everyone on shift work lines up with when they want to be on duty.

To the team of helpers who lock/unlock the pool and to keep it open for the community, thank you. It always surprises me that how little people know about what it takes to run a pool like ours.

I must also thank Kushla Tapper who has since finished with the Southland District Council for all her hard work and we now look forward to working with Steve Manaena.

To the Edendale – Wyndham Community Board thank you for having the faith in us to keep going, the rating money we receive is a huge life line for us and we would not survive without it.

A big thank you to Fonterra for their continued support, again without them our job would be made harder to stay afloat.

To Jeannine Cunningham and the Matura Licensing Trust the help we received from you was fantastic, I still to this day do not think everyone realised how close we were to losing one of our longest serving unlockers John Ranstead, due to the old antiquated way we cleaned our pool and how time consuming it was. Thanks to the help of the MLT we now are the owners of a new do it yourself cleaner.

I must also acknowledge Nigel and Sharleen Loveridge and their staff from the Edendale Butcher shop for being the purchasing place for the keys.

It is always pleasing to see all of the Edendale and surrounding school children trying their hardest with their swimming skills, if only the parents knew what a great asset this is to the school and Edendale Community.

Our fundraising effort for the scrap metal is a dead and buried duck. I mentioned in last year's annual report that we were trying to get rid of the last of the scrap from the Elliott/Milne farm. It has been a challenge, as dealing with scrap metal dealers they change their mind like the weather. We are up to dealer number four, unfortunately he will take the scrap but is an hour away and we need a truck and trailer to do this. I am working on an option at the moment to try and make this happen in the month of October.

The purchase of our automated pool vacuum is a huge credit to the pool committee; with the fresh coat of paint the pool is currently having it is going to look great. Mechanically we have been hit in the pocket this year with our heat pump. It sprung a coolant leak and it cost a bit to get fixed.

Improvements moving into next season from this are the changing rooms having clear light put in, the trial on the girls changing rooms made a big difference, main pool and paddling pool being repainted and general repairs from a BoT Health and Safety audit, these were minor and most will be fixed going into the new season.

68 membership tags and 13 committee are out in the Community. These keys have an average of 4 people per tag, around 300 people got to enjoy the pool last season. Edendale and Glenham Schools continue to use the pool as well as a number of private functions occurred.

We have a community member who is a qualified swim instructor; she is starting a swim school up in term 4 for pre schoolers and school age children which is fantastic for our Community, the response she has had has overwhelmed her and this will replace the hole that our last swim coach left.

On a more serious note we need to keep in the back of our minds some of the maintenance issues that need to happen. Two big ones are the heat pump coming to the end of its life and also our roof within the next 3 – 5 years. The roof quotes we have had have ranged from 90K to 120K, some pretty big coin. Last season all costs were broken down. It was costing us \$111.83 per day for the 176 days the pool was open.

Our next hurdle also is the letter I received from the Edendale – Wyndham Community Board around what is going to happen to the rating money we currently receive after the next financial year. While this may be a bit of a speed bump I am sure that we have a strong enough Committee to be able to push through what could be some challenging times ahead.

I am keen to spread the load a little as a Committee and I think it is also important for us to be visible and fresh with the Organisations that give us money and give updates to them on a regular basis. On saying this I have decided to step down as Chair Person as I feel that over the next couple of years I cannot be a good leader to lead this amazing Committee into the future. With my involvement in Fire and Emergency NZ, our kids getting older and doing more activity I run out of time in a week. I stick to a few things and give them 110%; I will still however stay on as a volunteer helping with what needs done and showing the new Chair Person the ropes over the next twelve months.

Brent Shepherd
Chairperson, Edendale Community Pool Society

EDENDALE COMMUNITY POOL SOCIETY (INC.)**FINANCIAL STATEMENT FOR THE YEAR ENDED 30 JUNE 2017**

Strategic Framework 2018 - 2028 Long Term Plan

Record No: R/17/9/23139

Author: Nicole Taylor, Project Co-ordinator Corporate Planning

Approved by: Rex Capil, Group Manager Community and Futures

☐ Decision

☐ Recommendation

☒ Information

Purpose

1. The purpose of this report is to update Community Boards, Community Development Area Subcommittees and other local Council committees on the revised Strategic Framework that has been developed by Council for the Long Term Plan 2018-2028.
2. The report presents the framework for information and highlights the key changes to the Council's intended areas of focus in response to the key strategic challenges facing Southland District over the next twenty years.
3. The report also aims to remind members of the wider strategy work that is expected to be undertaken as part of and following the development of the 2018-2028 LTP programme to develop a proactive response to the fundamental shifts occurring in our communities and operating environment. (eg Community Futures 2040 Project / Community Leadership Planning).

Background

4. The Mayor and Councillors have undertaken a review of the Council's strategic planning framework following a Strategy Workshop in February 2017.
5. The Strategic Framework (Appendix A) is the basis on which the Long Term Plan (LTP) 2018-2028 is developed.
6. The framework outlines where the Council wants to be (Vision), what the end result looks like (Community Outcomes), how the Council will work (Mission) and what the Council needs to do to get there (Strategic Priorities).
7. The four aspects combine to explain what the Council will focus on and what it will deliver over the coming three years and beyond.

Vision: *Southland: one community offering endless opportunities*

Community Outcomes:

- *Proud, connected communities that have an attractive and affordable lifestyle*
This means Southland District is a place where people have everything they need to live, work, play and visit; where they are connected to each other, the environment and the world outside Southland; and where they can enjoy a safe and fulfilling life in our unique natural environment.
- *Resilient communities that leave a legacy for tomorrow*
This means Southland District is made up of strong communities that take a sustainable approach by considering the impact on the environment and the social, cultural and economic wellbeing of our communities now and in the future.

Mission: *Working together for a better Southland*

Our Approach:

- *We will work in partnership with our communities*
- *We will constantly look for better ways*
- *We will work as one team*

Strategic Priorities:

We need to provide strong community leadership and work with our communities on how to adapt so that the infrastructure, local services and regulatory functions we provide are appropriate and support the achievement of our shared vision.

Our Focus

- i. *Improve how we work*
- ii. *Provide appropriate infrastructure/services*
- iii. *Make informed decisions*
- iv. *More people*

8. The key changes to the framework include:
 - revised vision
 - reduction in number of community outcomes from three to two and change to wording
 - addition of approach statements under the mission statement
 - addition of strategic priorities with an overall statement supported by four key areas of focus.
9. While the Council has endorsed the Strategic Framework as the foundation for the Long Term Plan 2018-2028, it is still draft pending public feedback on the Community Outcomes through the draft Long Term Plan public consultation process. These will be confirmed when the Council adopts its final Long Term Plan in mid-2018.

Discussion

10. In considering what outcomes are wanted in the future (and therefore where Council and communities want to focus) it is useful to look at where the District is at today and some of the challenges that it faces for the future.
11. There are some significant shifts happening in Southland communities that will impact on who lives in Southland, where they live, how they live and what services and infrastructure they will need from Council.
12. Current demographic modelling indicates that the future Southland community is likely to:
 - be older (ageing population)
 - have fewer people (static or declining population forecasts with small pockets of growth)
 - live in, or, close to, larger urban centres (over smaller rural villages) for easier access to services/healthcare
 - have a higher proportion of people on fixed incomes
13. Changes in technology and the move towards automation/robotics/artificial intelligence also raises uncertainty around employment options in the long-term.
14. This raises the questions about whether Southland's communities will still need or be able to afford the same infrastructure and services that they receive now from Council, particularly as these communities come under more pressure with increased compliance and regulation requirements, increased asset replacement/renewals costs due to ageing infrastructure,

changing employment and economic conditions and the impacts of climate change and natural hazards.

15. As such, the key strategic challenges facing Southland are around:
- Working with communities to plan for and be realistic about what the future might hold
 - Working with communities to create great places
 - Ensuring that infrastructure that is needed to support economic and social activity within its communities is appropriate and affordable
 - Doing more with less both as a Council and a community which requires a focus not only on the efficiency of internal service delivery but it also requires Council to work collaboratively with other agencies and the community. By pooling resources across agencies and with the community we should be able to deliver more.
 - Being innovative and find new ways of delivering its services which reflect the changing needs of its communities and are both effective and efficient
 - Attracting and retaining people in communities with a number of the district's communities facing static or declining population.
16. Given this context, Council needed to develop a Strategic Framework for the 2018 LTP that defines the end-goal, recognises the strategic challenges and setting a path for Council's response. Essentially, the framework becomes the mechanism for getting alignment and channelling resources towards the end-goal.
17. As such Council's review of the Strategic Framework focussed on ensuring that it reflects what the current Council is wanting to achieve and clearly define what the priorities are and the expectations in terms of how the Council intends to proceed.
18. Because the framework provides a basis for all of Council's activities, it is used to guide elected members and officers about the Council's priorities providing direction for plans, policies and decision-making about services and activities and ensure that what happens day-to-day takes the Council towards its end-goal rather than in an opposing direction.

Vision and Mission

19. The vision statement "*one community offering endless opportunities*" has been developed from the Council's strategy workshop discussions. At the workshop Council emphasised the importance of developing a cohesive district wide approach to the way in which it sets policy, makes key decisions and manages the prioritisation and delivery of its services. It also reflects the importance of working together (across the whole district/region, with communities and with organisations who have shared issues/interests). This was seen as critical for the future and one of the best ways to face the challenges that Southland was facing given district, national and global trends.
20. The current vision "*to have thriving, healthy Southland communities*" was seen as limiting and not reflective of the need to be upfront with communities about the fact that many communities are decreasing in size. Councillors acknowledged that there was a need to have the courageous conversations about infrastructure and affordability into the future. The feeling was that Council needed to 'walk together' with its communities and help them understand the likely future issues and provide a District wide context to the decisions being made. This will support our communities to make informed choices about the future, versus Council being perceived to be making decisions in isolation to individual communities. As such, the current vision was not seen as relevant or achievable given the developing challenges.
21. Words like partnership and working together and looking for different opportunities came through strongly at the workshop. Council agreed that although Southland is made up of

many communities, it was important to be one community with one voice working together, particularly when advocating at the regional and national level. Council acknowledged that the district wide, one community approach is a principle which will take time to develop and deliver. It also agreed that it wasn't there yet and this is why it is a vision.

22. So why endless opportunities? Council talked about the many options that exist right now for doing things differently and being innovative, but also that those opportunities will only increase if we are working together as one community with one voice. Council also noted that it was important to communicate why people will want to come to Southland District because of the opportunities for them around lifestyle, business, community and regional strength. The opportunities wording gives a lot of leeway to link in with other initiatives such as SoRDS, tourism growth, and other developments.

Our Approach

23. Much of what was discussed at the strategy workshop related to "how" Council does things as much as "what" Council does in terms of activities/services/actions. Council agreed that there was a need to be clearer about a how it wants to work, so that these expectations can be clearly communicated to and understood by officers and elected members alike.
24. As such, a series of "Approach" statements have been added into the Council's Strategic Framework to support the Mission statement of *Working together for a better Southland*:
- We will work in partnership with our communities
 - We will constantly look for better ways
 - We will work as one team
25. These are intended to provide a steer on how the Council will work, where working in this way will assist Council to achieve its Vision/Community Outcomes as much as, if not more than, the specific infrastructure, services and functions it performs.

Community Outcomes

26. The Community Outcomes describe what the Council aims to achieve in meeting the current and future needs of our communities – how we want the district to be. The Council cannot achieve these outcomes alone – it will require collaboration with other agencies and the community. A strong principle is that Council needs to be part of the solution – but does not have to be the solution. In fact it is important the community and appropriate agencies take the responsibility accordingly.
27. There was strong consensus among Councillors about what the sort of Southland they wanted to see develop. The concepts included:
- a strong/proud/connected community
 - a community where people belong
 - building trust
 - working collaboratively with communities and other organisations across the region
 - valuing the environment
 - dealing with change.
28. The Council's current community outcomes have been reviewed to reflect these concepts and provide a clear direction. As a result the Council developed two outcome statements that describe more broadly the type of community we are aiming to create to paint the picture of where we want to be:
- i. Proud, connected communities that have an attractive and affordable lifestyle*

ii. Resilient communities that leave a legacy for tomorrow

Strategic Priorities

29. The Council has also developed a series of four Strategic Priorities into the framework which provide more context about the outcomes and how Council expects to achieve them. As a result they should also assist with prioritising Council's activities. This is the first time that the Council has defined a set of Strategic Priorities as part of this framework.
30. These priorities are the areas of the Council's operations where elected members want to see a change in approach or increase in focus over the triennium and beyond.
31. The priorities have been developed from the issues discussed by Council at the workshop and also existing initiatives. These are prefaced by a statement which reflects the purpose of local government.

Strategic Priorities - We need to provide strong community leadership and work with our communities on how to adapt to these changes so that the infrastructure, local services and regulatory functions we provide are appropriate and support the achievement of our shared vision.

Our focus:

1. *Improve how we work*
 2. *Provide appropriate infrastructure/services*
 3. *Make informed decisions*
 4. *Attract more people*
32. These are designed to provide greater detail around Council's priorities and where the Council is focusing its efforts to achieve the community outcome. This priority setting approach means that the detail about what the "community outcome" means can be contained here rather than in high level community outcome statement.
 33. Taken together the Vision, Community Outcomes, Mission, Approach and Strategic Priorities are intended to be able to answer the "Why" question around anything Council does.
 34. The new Strategic Framework forms the basis for what the Council plans to focus on over the next three to ten years.
 35. The framework has been used by the Council and officers when preparing the 2018 Long Term Plan and associated Activity Management Plan programmes, budgets and performance information.

Next Steps

36. Community Boards, Community Development Area Subcommittees and other local committees are also asked to consider the framework in their decision-making going forward. This may be as part of budgeting processes for the 2018 LTP, wider community leadership planning or more generally as part of day-to-day operations.
37. Like Council, local committees are also encouraged to take a strategic perspective and critically consider the future challenges and opportunities now, and, be realistic in their planning to ensure that Council is being responsible and is preparing the ground for any hard decisions or courageous conversations that may be needed.
38. The Council is encouraging officers and local committees to consider what they can do differently and how they can work in with each other to help implement the strategies needed to create the vision of "one community with endless opportunities".
39. Council is also considering how it delivers its services and giving consideration to a strategic decision-making approach. This will consider the principle of 'Think District, Act Local' and

developing overarching strategic frameworks for activity and service delivery. This approach will consider opportunities associated with appropriate and affordable levels of service, equality vs. equity of service provision, minimum standards, functional hierarchy of provision and consistency across the district.

40. This strategic framework approach will also inform and assist in the consideration of investment decision-making models and future rating affordability conversations Council will need to have and address related issues. The outputs from this work will be fed back to Community Boards/CDAs for comment once developed.
41. The Council is also in the very early stages of looking at the changes that are needed and is considering what 'big picture analytics' type work needs to be undertaken to provide better data and insights to assist with the futures thinking decisions that will need to be made.
42. While the Council intends to signal this in its 2018 LTP, the bulk of this work will happen over the next three years to inform a Community Futures 2040 programme. The outcomes and findings of this are expected to see fundamental changes to the way we do things and how we plan ahead of our 2021 LTP.
43. In the meantime, the Edendale-Wyndham Community Board are also asked to consider the long-term future issues in its decisions around budgets and programmes for 2018 LTP and to also consider how it can pitch in to support the Council's long-term strategy.

Recommendation

That the Edendale-Wyndham Community Board:

- a) **Receives the report titled "Strategic Framework 2018 - 2028 Long Term Plan" dated 9 October 2017.**

- A SDC Strategic Framework (10 Year Plan 2018-2028) [↓](#)

SDC STRATEGIC FRAMEWORK (10 Year Plan 2018-2028)

What we want to be	Vision: <i>Where we want to be</i>	Southland – one community offering endless opportunities			
	Community Outcomes: <i>What end result looks like for our community</i>	1. Proud, connected communities that have an attractive and affordable lifestyle This means Southland District is a place where people have everything they need to live, work, play and visit; where they are connected to each other, the environment and the world outside Southland; and where they can enjoy a safe and fulfilling life in our unique natural environment.		2. Resilient communities that leave a legacy for tomorrow This means Southland District is made up of strong communities that take a sustainable approach by considering the impact on the environment and the social, cultural and economic wellbeing of our communities now and in the future.	
How we will work	Mission: <i>How we will go about our role</i>	Working together for a better Southland			
	Our Approach: <i>The way we approach our work</i>	We will work in partnership with our communities <ul style="list-style-type: none">- Consider the community in everything we do- Small council, big community- Acknowledge that Council doesn't always have the answer or the best ideas and that some of the best ideas come from others- Support our communities to make good decisions- Work to better understand our community's changing needs and priorities- Recognise Council is part of the solution, not the solution- Involve the community in our decisions and explain the reasons behind our decisions- Have conversations with our communities- Build better communication channels into our communities- Debate issues openly and honestly- Work together to maximise regional opportunities- Be accountable for our actions	We will constantly look for better ways <ul style="list-style-type: none">- Find ways to make it easy to do business with Council and in Southland- Be open to and look for new ways of doing things- Find efficiencies and don't waste money or resources- Regularly review activities, services, assets and contracts to ensure efficient and effective management and delivery- Focus resources on doing things that are needed and that will make a real difference- Anticipate and adapt to change- Develop other revenue streams to supplement rates- Maximise returns from existing investments- Look at initiatives to bring more people and business to Southland- Collaborate with others to deliver efficiencies and work smarter- Minimise the impact our activities have on the environment	We will work as one team <ul style="list-style-type: none">- Focus on what is best for Southland's communities- Understand district and local responsibilities- Clearly define roles at the political and operational levels so everyone knows what is expected of them- Trust each other- Ensure we act as “we” not “me”- Do the things we say we will and be accountable- Deal with any problems honestly and up-front and admit and learn from our mistakes- Fix problems rather than assign blame- Make the best use of the skills and expertise our people have and seek external help when we need to- Build our team capabilities- Look out for each other and our health and safety	
	The challenge:	Fundamental shifts are occurring in our communities affecting where and how people live that raise questions about how we can best achieve our shared vision.			
What we need to do	Strategic Priorities: <i>What we need to focus on to ensure that we and our communities are making informed decisions to move from where we are now towards our shared vision.</i>	We need to provide strong community leadership and work with our communities on how to adapt to these changes so that the infrastructure, local services and regulatory functions we provide are appropriate and support the achievement of our shared vision			
		1. Improve how we work Ensuring that the business of Council is running efficiently and effectively and finding ways to do more with less. Key aspects include: <ul style="list-style-type: none">- Operate in a financially responsible manner- Continue to adapt- Doing what we say we will- Business improvement work- Ease of doing business- Significant projects managed effectively- Community partnerships- Culture- Focus on customer support	2. Provide appropriate infrastructure/services Ensuring that we are providing infrastructure and services that are fit for purpose for current and future community needs. Key aspects include: <ul style="list-style-type: none">- Ensuring infrastructure and services are cost-effectively and efficiently managed over the long-term- Ensuring legislative / regulatory compliance- Considering environmental sustainability and best use of natural resources- Considering alternative asset / service delivery options- Getting good asset data / service information (e.g. useful lives)- Considering appropriate levels of service- Mitigating risks – e.g. business continuity planning (natural hazards / critical lifelines) and climate change (sea level rise, rainfall)- Better understanding of the future and what this means for communities	3. Make informed decisions Ensuring that we have what is needed to make good decisions. Key aspects include: <ul style="list-style-type: none">- Building resilient communities- Undertaking community engagement and partnership activities and open communication- Working regionally and collaborating- Community governance and representation review- Developing community leadership plans	4. More people Ensuring that we build great local places where people want to live and supporting new development opportunities that will help attract more people to Southland. Key aspects include: <ul style="list-style-type: none">- Working with the community to create great local places- Helping to build strong communities- Supporting Southland Regional Development Strategy initiatives:<ul style="list-style-type: none">o Tourism (destination creation, management, marketing)o Aquacultureo Primary sector extensiono Digital connectivity
	Consider what is appropriate, affordable, acceptable and achievable for communities long-term				

Financial Report to Edendale Wyndham Community Board for the year ended 30 June 2017

Record No: R/17/9/21318
Author: Steve Manaena, Community Engineer
Approved by: Anne Robson, Chief Financial Officer

☐ Decision ☐ Recommendation ☒ Information

- These financial results are subject to review by Audit NZ in September, and therefore may change.

Community financial performance for the year

- The graph above shows what actually happened (Actuals), what the original budget was (Original annual budget) and then what was expected to occur by year end (Reforecast annual budget) for each of the Income, Expenditure, and Capital Expenditure categories.
- The 'Reforecast' totals show the effect of unbudgeted expenditure, projects that have been put on hold or are to be completed in 2017/2018 and/or expected changes to income and operating expenditure over the year.
- Monthly reports provided to you by the community engineers compared the actual YTD against reforecast YTD totals.

- 5 Any significant variances between the 'Actual' and 'Original budget' totals are explained below. The details are provided in the attached annual report figures.

Significant Variances to the Annual Budget

Income

- 6 As the Wyndham camp ground was leased out from late 2016, income for the year is \$10k under budget. .

Expenditure

- 7 Overall expenditure is \$110k above budget. Of this \$105k is a grant returned to the allocations committee for the construction of a new Edendale Hall which is not proceeding.

Capital Expenditure

- 8 The budget for the footpaths project was not used during the year. This is under review as part of a larger project to repair or replace the footpaths.

Financial Considerations

Reserves

- 9 Interest has been allocated to the reserve accounts. Interest is calculated on the average balance of the reserves for the year at an interest rate of 3.27%. The budgeted interest rate was 4.19%.

Development and Financial Contributions

- 10 Contributions are collected to fund community growth projects. The use of these funds are considered by Council staff when projects are in the planning stage. Certain policy and legislative requirements must be met before these contributions can be applied to projects.
- 11 The total balance of Parks and Reserves Development and Financial contributions for your community to 30 June 2017 is \$15,574.

Project List

- 12 Community projects that were budgeted to be undertaken in the 2016/2017 year are in the table below.

Activity	Project Name	Financial Year	AP Budget	Actual cost	Status	Officer's Comment
Roading & Transport	Footpath upgrade	2016/17	\$44,864	-	Not started	Fulton Hogan repaired the major safety hazards. The tender document is now being developed.

Item 7.3 Attachment A

Local Budgets for the Long Term Plan 2018-28

Record No: R/17/10/23593
Author: Steve Manaena, Community Engineer
Approved by: Anne Robson, Chief Financial Officer

☐ Decision

☒ Recommendation

☐ Information

Purpose

- 1 To set local budgets for 2018-2028 and propose rates for the year commencing 1 July 2018.

Executive Summary

- 2 This report provides an overview of the local activities and services for Edendale-Wyndham for 2018-2028 which are provided under the governance of the Edendale-Wyndham Community Board. The report details the estimated costs of these activities over the 10 years as well as the draft rates.
- 3 The draft budgets will be incorporated into the Council's draft Long Term Plan (LTP) 2018-2028 which will be released for consultation in March 2018. Once the plan is finalised (and subject to any changes resulting from submissions), the budgets shown for 2018/2019 will be used to set rates for the year beginning 1 July 2018 (referred to as LTP year 1).
- 4 The information in this report and its attachments, has been sourced from previous discussions between the board and community partnership leader/community engineer along with Activity Management Plans (AMPs) that officers have prepared. The AMPs contain more detail about the activities and expenditure requirements.

Recommendation

That the Edendale-Wyndham Community Board:

- a) **Receives the report titled “Local Budgets for the Long Term Plan 2018-28” dated 17 October 2017.**
- b) Determines that this matter be recognised as not significant in terms of Section 76 of the Local Government Act 2002.
- c) Determines that it has complied with the decision-making provisions of the Local Government Act 2002 to the extent necessary in relation to this decision; and in accordance with Section 79 of the Act determines that it does not require further information, further assessment of options or further analysis of costs and benefits or advantages and disadvantages prior to making a decision on this matter.
- d) Recommends to Council that the following rates and charges (including GST) for the year commencing 1 July 2018 be included in the 2018-2028 Long Term Plan.

<u>Rate</u>	<u>Rate GST inclusive</u>
Edendale-Wyndham CB Rate	\$206,296
Edendale-Wyndham Hall Rate	\$11,147
Edendale-Wyndham Pool Rate	\$-
Edendale Hall Rate	\$-

- e) Requests Council sets the fees and charges (including GST) for the year commencing 1 July 2018 as follows:

Edendale-Wyndham Hall

<u>Fee Description</u>	<u>Fee (GST Incl)</u>
All day (8 hours)	\$80.00
Day and night hire	\$150 - \$240
Committee Room (Hourly)	\$30.00
Supper Room	\$30.00
Kitchen and Supper Room	\$40.00
Kitchen and Committee Room	\$40.00
Bond (May be imposed at discretion of the custodian) (no GST)	\$1,000.00

- f) Identifies any issues/priority projects for the local area that need to be included in the 2018-2028 Long Term Plan consultation process to encourage feedback from the local community (to be discussed at the meeting, and advised if any).

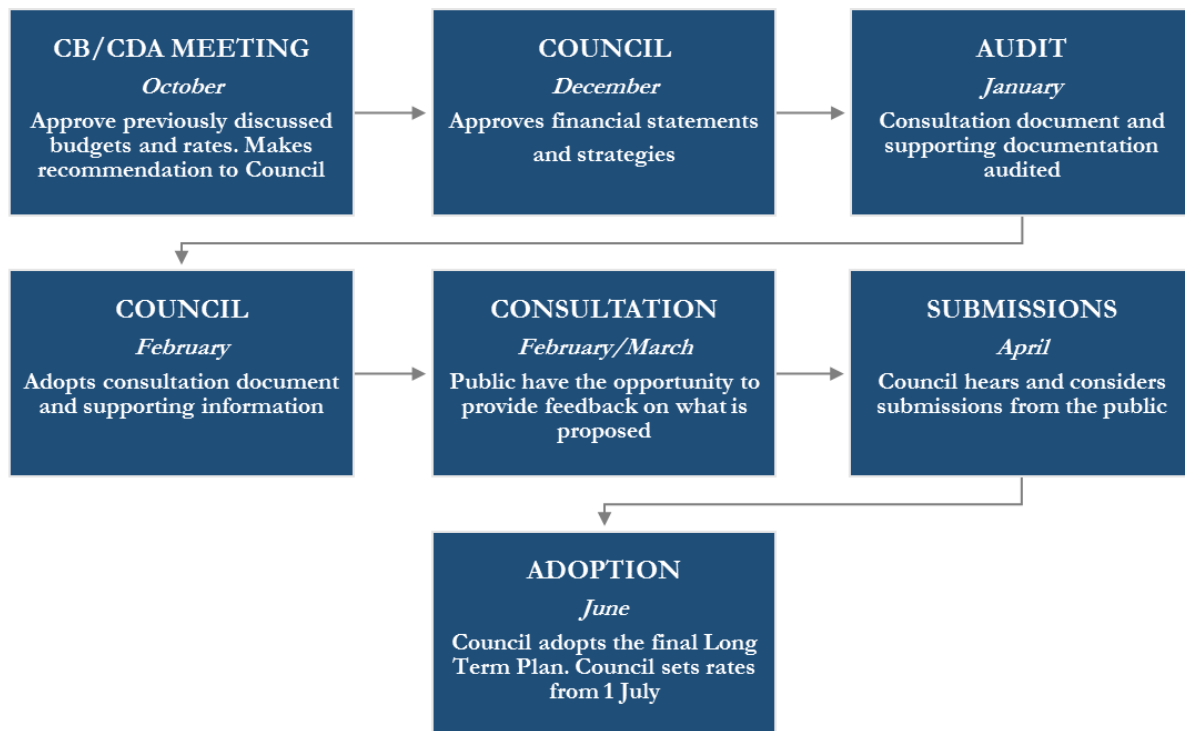

Background

- 5 The LTP is adopted every three years and provides the community with information on the role, scope, service level and priority of Council activities for 10 years.
- 6 In preparing the LTP budgets and programmes, Council reviews its strategic direction, various policies and AMPs. The Council also develops a series of assumptions about the environment

that it expects to operate in during the 10 year period. Council summarises this information in a document for consultation with the community.

- 7 The LTP Consultation Document is released to the public in March 2018 and the community has an opportunity to provide feedback on the proposed plan. Council will decide on any changes to the draft plan before it is adopted in June 2018.
- 8 Year 2 and 3 of the LTP are used as the basis for the Annual Plan's for those years.

Overview of the Process

- 9 The separate Strategic Framework paper on the committee agenda outlines some of the significant changes predicted in Southland communities and the Council's operating environment in the future that will impact on our activities, services and rates affordability in the future.
- 10 Council has been discussing these changes as part of the development of the 2018 LTP and the implications in terms of affordability and appropriateness of Council services for the community in the future.
- 11 However, in order to be able to engage in a meaningful way with the community about the issues and options, Council has identified a need to gather better information to inform choices and develop a more strategic approach to responding to these issues across the District.
- 12 As such, as part of the 2018 LTP, Council is looking to begin developing this information over the next three years to inform these conversations ahead of the 2021 LTP, where specific choices and decisions will need to be made.
- 13 In the interim, the 2018 LTP is going to be a transitional plan, where budgets and work programmes are generally expected to be similar to previous years except in areas where there is legislative or regulatory compliance requirements, outstanding issues that need to be addressed or where work is needed to progress the Council's strategic priorities (see diagram below).

This is expected to enable Council to start working on the more strategic/fundamental issues facing Southland in the future and get better information and analysis to assist the Council and communities to make informed decisions about how to adapt to these changes as part of the 2021 LTP and beyond.

As such each local committee (community board, CDA subcommittee and water supply subcommittee) should also be aware that while the 2018 LTP has minimal change, there is likely to be a fuller review of activities and services and what is 'fit for purpose' and how they are funded over the next three years. As part of the process, local committees will have an opportunity be involved in this work.

ISSUES

District Wide

There are a number of district-wide issues which Council has been considering as part of the 2018 LTP that local committees should also be aware of. The key issues that have a link to local budgeting processes are detailed below.

Open Spaces

The Council has recently commissioned a report reviewing its open spaces (parks, reserves, playgrounds, picnic/rest areas, playgrounds, playing fields etc) across the District. The review found that there was a significant amount of work needed if Council is to address the gap between the vision and objectives set by the Council's Open Space Strategy and the current state of these spaces. The Council considers that a more strategic approach is necessary to managing open spaces but has not decided on the way in which this will be done. Officers are currently working through the report and assessing what can be done and when to close this gap. It is expected that this work, along with recommendations about priority areas and levels of service will be completed during 2018/2019. This will then enable Council to make decisions about how it would like to progress. In the meantime it is worth community boards and CDA

subcommittees being aware that any changes may affect the types of decisions that are made for the open spaces in their local area and potentially how this may need to be funded.

Freedom Camping

- 18 Freedom Camping is another area where Council is considering taking a more district-wide strategic approach. It is developing a freedom camping strategy that will set the direction for future decision making about what is appropriate for Southland and where that may be. It is expected that Council will be in a position to consult with communities during 2018 about any changes.

Land and Water Plan

- 19 The implementation of the Water and Land Plan (Plan) by Environment Southland will result in higher costs for the Council, particularly in the wastewater and stormwater activities. Although what is actually needed to comply with the Plan is not yet known an estimate of the potential change to operational and capital costs has been included in the LTP. This is a combination of monitoring costs and additional infrastructure needed to improve discharges from these activities. The water activity may be impacted when additional water is required.

Revenue and Financing Policy

- 20 As part of the review of the Revenue and Financing Policy, Council is considering the most appropriate way to rate for library services across the district (along with a number of other changes to rates which are set at the district-level). Under the current policy the rates for the library activity are collected from a combination of some local communities and the district at large. The Council is considering whether the activity should only be funded from the district at large, given the greater proportion of residents now accessing library services online. If this occurs then some local rates will be reduced and the costs will be included in the District General rate. The draft policy including this information will be consulted on and the public will have opportunity to provide feedback.

Community Leadership Plans

- 21 Our communities will be finishing the Community Leadership Planning process with their community partnership leaders over the plan period. While this process looks a lot wider than simply the Council's activities and services, there may be initiatives or programmes that come out that fit within the local committee's areas of responsibility. Council is encouraging local committees to deal with these as they arise through the annual budgeting process (via the Annual Plan) or via the unbudgeted expenditure process rather than putting aside funding in the 2018 LTP budgets for any "possibilities".

Local Community Issues

- 22 Key issues that the board need to be aware of for the Edendale-Wyndham community over the next 10 years are:
- The impact of the Water and Land plan and the expected monitoring requirements under any resource consents has been included in budgets from 2019/20 onwards.
 - Based on the standard expected life of the stormwater pipes in Wyndham, a number are due for renewal in 2027/28. Currently this is funded by a 30 year loan. There is also a project included in 2025/26 to investigate the state of the pipes and determine the extent of any replacements required.

- We currently have a footpath project pending for the 2017/18 year. The project is under assessment for funding based on the amount of repairs or replacement which is required or can be achieved. Additionally \$50k is planned for each of the first five years of the plan. Currently \$124k of the total \$250k (\$50k x five years) will come from reserves, the balance will need to be loan funded. At this stage no loan funding has been included pending the outcome at this meeting of any decision on footpath replacement. The budgets will need to be updated to reflect any decision.
- The estimates provided in this report are based on the current Revenue and Financing Policy. The Edendale-Wyndham Community Board rate includes library funding of \$24,589 (GST exclusive) for 2018/19. If the draft Revenue and Financing Policy adopted by Council later in the year includes a change for this activity the rates (and associated costs) for the Wyndham library will be removed.
- Based on previous discussions with the board the Edendale Pool rate has been removed for 2018/19 onwards. Instead a grant amount is budgeted in the administration business unit to be collected as part of the local rate.
- The Edendale Hall rate has been stopped in 2018/19. With any costs incurred in relation to the hall to be funded from the reserve. These costs include rates and insurance.
- The Wyndham Hall rate boundary has been changed to include any rate payers that were previously paying the Edendale Hall rate and the new boundary is shown in Attachment A, (Part E). This is in line with the resolution that the Committee passed in its 27 June 2017 meeting. This still has to be agreed by Council for inclusion in its 2018-28 Long Term Plan. It is proposed that with the change in the boundary the rate be called Edendale-Wyndham Hall Rate. The impact of the change in boundary will add another 366 rating units to which the rate is collected. This will mean that the current displayed rate for 18/19 of \$37.28 will reduce to \$16.76 if approved by Council.

Local Budget Development

- 23 The draft budgets for the Edendale-Wyndham community for 2018-2028 have been prepared. Figures for these budgets have flowed out of the review of AMPs as well as discussions between local committees and community partnership leaders/community engineers over the past few months.
- 24 The aim of this has been to ensure that all projects and changes to expenditure have been discussed prior to the budget meetings so that the meetings are focussed primarily on the rates recommendation. This approach has been taken because the LTP is audited and officers need budgets to be finalised earlier to enable to the audit to occur.
- 25 While we are aiming to have few changes at budgets meetings, we realise that some committees may want to carry out further investigations before finalising their programme. If this is the case, we would encourage committees to keep their changes to a minimum if possible and consider whether these can be processed through the annual budget/project review (via the Annual Plan) or through the unbudgeted expenditure process.
- 26 The objective of this budget report is to highlight issues, confirm priorities and plan expenditure and funding for the next 10 years for the board's consideration as part of the Council's LTP.
- 27 If approved by Council via the LTP, the board will be able to spend the Council funds allocated in accordance with the budgeted expenditure. This occurs via Council officers approving purchase orders. If the board wishes to spend funds that are unbudgeted, including monies from

reserves, the board has a delegation to approve up to \$10,000 otherwise the decision will need Council approval.

- 28 In preparation for the 2018-2028 LTP, Council officers are reviewing and updating Council's various AMPs.
- 29 Included in Attachment A (Section C) of this report is a summary of all planned projects for the Edendale-Wyndham community for the next 10 years as extracted from the draft AMPs. Copies of the full draft AMPs can be obtained by contacting the relevant Council officer who manages the asset portfolio. Summaries of Council's AMPs will also be available online throughout the duration of the LTP consultation period.

- 30 Attachment A is organised into four main sections as follows:

(A) Overview

This section includes details of the proposed rates for the Edendale-Wyndham community (compared to the previous year). The section also includes an overview of reserves and loans.

(B) Rate Type Financial Information and Activity Summary

This section is organised by rate type and is broken into four subparts:

- i. This part contains a graph showing income and expenditure projected over the 10 years.
- ii. This part contains a summary of the financial budgets. It shows the expenditure and income projected over the 10 years, the amount of rates required and the rate calculation summary.
- iii. This part shows the business unit costs making up income and expenditure for the rate type. This financial information reconciles with the rate type financial summary mentioned above (ii).
- iv. This part contains a schedule of fees and charges showing the current fee and charge (2017/2018) with a column for the committee to consider charges to be set for 2018/2019.

(C) Planned Projects

This section includes a list of the maintenance and capital projects planned for the Edendale-Wyndham community for the next 10 years.

Where applicable, this includes the water and wastewater programme for the community for the 10 years. The water and wastewater programme is determined and rated at Council level, but has been included for the board's information.

More detailed reports, outlining options for specific projects will be submitted to the board closer to the implementation dates as is appropriate.

(D) Appendices

The appendices contains detailed reports in support of information in the body of the report as follows:

- (i) Reserves Report - this shows the balance of every reserve the community has for each of the 10 years.
- (ii) Loan Report - this shows the balance of every internal and external loan the community has for each of the 10 years.

Factors to Consider

Legal and Statutory Requirements

- 31 The draft budgets (including details of projects) will form part of the activity statements and financials in the Council's LTP 2018-2028. The LTP (and associated Consultation Document) is a requirement of the Local Government Act 2002.
- 32 There is a statutory requirement to adopt an LTP before rates can be set in accordance with the provisions of the Local Government (Rating) Act 2002.

Community Views

- 33 Any significant issues affecting local communities may be included in the official consultation document which will be publicly available from early March to mid April 2018. The consultation document will be posted out to each household throughout the District.
- 34 The broader local budgets for all the communities will be summarised in the financial projections which will be available as background information to the public consultation.
- 35 ***Local committees are also asked to advise officers of any local issues/projects that they would like to be highlighted in the consultation material where they are wanting to encourage feedback from the local community or let the community know of any significant projects.***
- 36 Any submissions received from the public on local issues will be forwarded to the relevant community partnership leader (and Chairperson and board if required) for comment. As a result of the submission process, amendments may be made prior to Council formally adopting the finalised LTP by 30 June 2018.

Costs and Funding

- 37 The financial considerations are set out in Attachment A of this report. Key financial aspects to be aware of include:

Stormwater Monitoring Costs

- 38 Stormwater budgets have been increased from 2019/2020 to reflect expected monitoring costs following discussions with Environment Southland on draft resource consent conditions. The implementation of the Water and Land Plan is expected to increase these costs.

Assumptions

- 39 In preparing the 10 year forecasts, the Council has used a number of assumptions as follows:
 - Estimates are built from the levels of service desired by the community.
 - Estimates have been included for expected costs in relation to the Water and Land Plan.

- Interest has not yet been included in the projected reserve balances for the 10 years of the plan. Once the budgets have been finalised, interest will be calculated and transferred directly to the relevant reserves (later in 2017).
- The estimates include an allowance for price level changes (inflation) which is a financial reporting requirement. For the plan inflation has been assumed at between 2-2.8% per annum.
- Interest on borrowings has been charged at 4.65% per annum.
- No allowance has been made in the estimates for any possible increases in contract rates for contracts being re-tendered.
- Reserves used to fund project/capital work where possible rather than internal loans.
- Where loan funding is required for key community projects, it is assumed that these loans will be obtained internally in the first instance.

Policy Implications

- 40 The report is a summary of plans prepared in respect to all of the services the board intends to provide in the Edendale-Wyndham community during the 10 year period from 1 July 2018 to 30 June 2028. The information including the estimates will be incorporated in the draft 2018 LTP Consultation Document and final LTP 2018-2028.

Analysis

Options Considered

- 41 The community partnership leader has discussed with the board the projects to be included in the LTP and the remaining budgets have been reviewed and updated by the community engineer.

Analysis of Options

Option 1 – Accept the estimates as proposed in this report

<i>Advantages</i>	<i>Disadvantages</i>
<ul style="list-style-type: none"> • Enables the LTP to be complied and audited with the set timeframe • Rates recommendation to Council is finalised. • Budgets and project estimates can be updated or reviewed annually as part of the Annual Plan budgeting process (or approved via unbudgeted expenditure process). 	<ul style="list-style-type: none"> • None identified

Option 2 – Amend the estimates proposed in the report

<i>Advantages</i>	<i>Disadvantages</i>
<ul style="list-style-type: none">• Changes can be made to the LTP budgets.	<ul style="list-style-type: none">• Rates requirement may need to be recalculated.• May impact the delivery of the LTP within the set timeframe.

Assessment of Significance

- 42 The decision to be made by the board is not likely to be a significant decision on its own under the Council's Significance and Engagement Policy. However, the LTP (into which the board's budgets are incorporated) is considered significant and will be consulted on in March/April 2018.

Recommended Option

- 43 Option 1 Accept the estimated reports as proposed in this report.

Next Steps

- 44 The draft 10 year budgets and rating information for 2018-28 for the Edendale-Wyndham Community Board will be included in the draft LTP financial information for confirmation by Council in February 2018 and consultation through March-April 2018.

Attachments

A. OVERVIEW

Rates

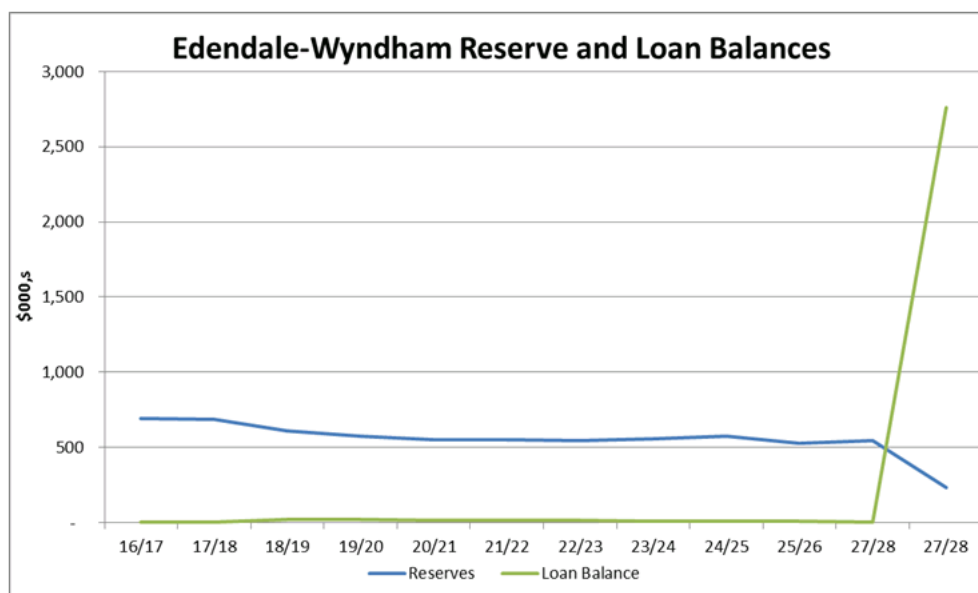

The following table summarises the percentage rates change compared to the previous three years (GST inclusive).

Rate	Budget			Proposed LTP
	15/16	16/17	17/18	18/19
Edendale-Wyndham CB Rate	\$150,413	\$164,452	\$165,218	\$206,296
Per Unit	\$139.53	\$154.27	\$154.41	\$192.62
% Increase/(decrease)	10.86%	9.33%	0.47%	24.86%
Edendale Pool Rate	\$5,249	\$5,167	\$5,203	\$-
Per Unit	\$5.03	\$5.00	\$5.00	\$-

¹ – Renamed from Wyndham Hall

Reserves and Loans

The graph below shows the projected balances of reserves and loans for the Edendale-Wyndham Community Board. These figures have been calculated taking into account the budgets which have been prepared and staff recommendations on whether projects should be funded by reserves or loans. A detailed breakdown of the reserves and loans held is included in the Appendices 1 and 2.

B. RATE TYPE FINANCIAL INFORMATION AND ACTIVITY SUMMARY

1.1 Edendale-Wyndham Community Board Rate Overview

This section details the budgets and rates required. Please note the numbers below are GST exclusive.

The graph and table below is a financial summary of the business units making up this rate.

Expenditure and Rates (excl GST)

*Other Funding includes transfer to/from reserves, loans, internment fees, rentals etc

Council Report

Record No: R/17/10/24730
Author: Michelle Stevenson, Community Partnership Leader
Approved by: Rex Capil, Group Manager Community and Futures

☐ Decision ☐ Recommendation ☒ Information

Chief Executive

Southland Regional Development Strategy (SoRDS)

- 1 At the beginning of September the four Southland Councils released the statement of proposal relating to the formation of a council controlled organisation (CCO), to lead regional development activity. Submissions closed on Monday, 2 October.
- 2 The submissions received will be heard by a Joint Committee, consisting of two Councillors from each of the four Southland Councils. Cr Dillon and Cr McPherson are representing this Council on the Committee. The Committee is being chaired by Cr Bolger from Gore.
- 3 Once the hearings process has been completed, the Joint Committee will prepare a report (and recommendations) which will go to the four individual Councils for a decision, on whether to proceed with the formation of a CCO as currently proposed or an alternative option.
- 4 During September, there was some publicity, including an article in the Southland Express by Mayor Shadbolt, which suggested that the Gore and Southland District Councils have predetermined the outcome of the consultation process by giving notice of their exit from Venture Southland. This is not the case.
- 5 Throughout the process of developing the Southland Regional Development Strategy over the last two years and during the more recent discussions, about how regional development activity might best be managed in the future, this Council has confirmed its commitment to the principles which have underpinned SoRDS to date. These include the need to have an inclusive 'whole of region' approach to regional development activity, rather than having it being very much focussed on territorial local government as it is at present.
- 6 The fact that it is proposed that there be a level of change, and the development of a CCO is the current proposal which is out for consultation, means that there will need to be changes made to the current Venture Southland Agreement 2014 - 2017. Indeed the formation of a CCO as currently proposed means that the current agreement will need to be terminated. Clause 4.1 of the Agreement requires that the parties must give each other 18 months' notice of any proposed termination.

Water Policy

- 7 Water policy and its management continues to be a high profile and topical issue. The broader public and political interest in the issues relating to the way it is managed was a prominent issue during the recent national elections.
- 8 The high level of public interest in the issue is expected to see it remain high on the agenda for the new Government once it is formed. In coming months, the Stage Two report from the Havelock North Water Inquiry, which is focussing on how water is managed across the sector, will be released and the central Government Inquiry work will also be progressed.

- 9 Given the significant level of national interest in this area, Local Government New Zealand have a Water 2050 project underway which is looking at how you might develop a more coherent policy framework that:
- recognises the interlinked nature of all water policy.
 - leads to greater integration of policy, in particular reconciling the setting of standards with the costs to communities of achieving those standards.
 - identifies a suitable institutional framework to govern water policy.
- 10 While we need to wait for the new Government to be formed before final decisions are made, it can be expected that this will be an area of change in the next two years, irrespective of what shape the Government takes. It is likely that these changes will affect both central and local government.
- 11 Council staff will continue to keep a watching brief on developments and will continue to advocate on behalf of Council, to both Local Government New Zealand and Water New Zealand

Asset Management Practices

- 12 The Office of the Auditor General (OAG) has recently published a report on Investment and Asset Management across the broader public sector including local government. A copy of the report is available on the OAG website (www.oag.govt.nz).
- 13 Key findings in the report that are of relevance to local government include:
- that to make good investment decisions, there needs to be effective engagement with the people receiving the services, about the service levels they expect and the affordability of those expectations. The issues relating to affordability of overall rating levels and prioritisation across different activities and the district as a whole, are important issues for Southland District Council as we work through the current Long Term Plan but, also broadly at achievement of our overall strategic goals.
 - there is a need for public entities to work co-operatively with other entities, where it is sensible to do so, to address the challenges and opportunities that can affect investment and asset management. The relationship that Southland District Council has with agencies such as New Zealand Transport Agency, Department of Conservation and the other public funded entities is critical, to being able to deliver the best, overall value for the district as a whole.
 - there is significant evidence that public entities are not managing their physical assets as well as they should be, including indications that some physical assets risk being “run down”, particularly in the health and local government sectors. The OAG has proffered the view for some time that there is potentially a significant ‘infrastructure deficit’ developing across the local government sector and that there is a need for solutions to be found to this issue.
 - there is a need for better information about the condition and performance of assets, to assist with improved asset management and performance assessment and then enable appropriate decisions to be made about asset maintenance, renewal and replacement to optimise the delivery of public services. Without good reporting and information about assets, governors cannot make deliberate and informed decisions, about how to invest in and manage the assets.

- there is a need to understand the risks associated with the management of assets and delivery of services. These include significant events such as the global financial crisis, natural hazards, extreme weather and changing levels of demand brought about by trends such as population aging, population decline increasing urbanisation and the risks presented by historical investment choices.

LGNZ Roadshow

- 14 At the Local Government New Zealand conference in Auckland in July a new president and vice president were elected following the retirement of Laurence Yule.
- 15 The new president, Dave Cull and chief executive, Malcolm Alexander will be visiting all local authorities over the next few months. The visit to this Council has been set down for 13 November.
- 16 The visit provides an opportunity for Council to meet with members of the Local Government New Zealand Council and Executive, to discuss national and local priorities and issues which are of interest to the development of Southland and the sector more generally.

Conflicts of Interest

- 17 There have been a number of elected member conflict of interest issues in recent months. While officers have a role to raise and provide advice on potential conflict of interest issues, it is important to recognise that the primary responsibility rests with the elected member themselves.
- 18 Issues relating to the management of matters in which members of a local authority may have a pecuniary interest are dealt with through the Local Authorities (Members Interests) Act 1968 (the Act). Section 6(1) of the Act reads:

A member of a local authority or of a committee thereof shall not vote on or take part in the discussion of any matter before the governing body of that local authority or before that committee in which he has, directly or indirectly, any pecuniary interest, other than an interest in common with the public.

- 19 The Act does not define “pecuniary interest”. The Office of the Controller and Auditor-General¹ (OAG) uses, however, the following definition:

whether, if the matter were dealt with in a particular way, discussing or voting on that matter could reasonably give rise to an expectation of a gain or loss of money for the member concerned.

- 20 It is also important to recognise that pecuniary conflicts do not necessarily require a direct contractual relationship between the elected member and the Council. Even where the benefits are indirect (eg the decision would benefit the local industry in which the member operates), it is possible that elected members can have a pecuniary conflict.
- 21 Elected members also need to be mindful of non-pecuniary benefits including where, for example, they might be involved with the executive committee of a voluntary organisation that has a relationship (eg receives grants) with Council.

Golden Bay Wharf

- 22 Negotiations have commenced with Southport and Rakiura Adventures Ltd, over the future ownership and management of the Golden Bay Wharf. These negotiations may take some time to reach resolution.

¹ Guidance for members of local authorities about the law on conflicts of interest, Office of the Controller and Auditor-General, October 2010.

- 23 In parallel with the negotiation process officers are also giving consideration to how they might advance work to manage the development of a new facility for Golden Bay. Given the need to advance the replacement of both the Golden Bay and Ulva Island facilities within a similar timeframe it makes sense to create one project team to lead both pieces of work.

Customer Support

- 24 September saw Megan Wilson, Librarian/Customer Support Partner recognised as the Association of Local Government Information Management (ALGIM) conference as Customer Service Individual of the year. This award is due to the work Megan has completed above and beyond her role, for our customers in Riverton and the district as a whole.
- 25 Customer foot traffic across our sites declined in August and September which reflects our rural communities focusing on a busier time in the season. Call volumes have also reduced in line with the peak that occurred with dog registrations in July.

Libraries

- 26 Work continues on implementation of recommendations from the section 17A, Local Government Act 2002 review of Library Services. Visits to libraries in Waitaki, Dunedin, South Canterbury, Wanaka and Central Otago have given the team insight into the advantages and worked needed to proceed with the Radio Frequency Identification (RFID) of our collection.
- 27 Stewart Island Library has seen over 90% of borrowers using the self-service issuing machine and we are investigating the potential to offer 24/7 access to the library for borrowers; this is at a concept stage at present.

Services and Assets

Long Term Plan

- 28 All Activity Managers are working on updates to their activity plans. The financial elements of these plans feed into the ten year financial budgets for the Long Term Plan (LTP). Activity Managers have to consider what issues will significantly affect how their activity will be managed over the LTP period. The condition of assets and the predicted performance of those assets also dictates what maintenance and renewals are to be planned for over the period. The key performance indicators in these plans are also being critically reviewed as part of the Corporate Performance Framework. The intent is to only have useful meaningful performance measures.

Strategic Transport

- 29 The Transport team has had a particularly busy period of months with a number of major contracts needing to be developed, tendered and let. These include:
- Three Alliance Maintenance Contracts
 - Catlins Seal Extension project
 - District Wide Reseals Renewals
 - Professional Services Contract
 - District Wide Pavement Marking contracts
- 30 It is very unusual for all of these contracts needing to be renewed in such a short timeframe.

Te Anau Airport - Manapouri

- 31 The summer season began in September. There is an indication of increased activity from Tauck tours during the upcoming summer season which is positive for the airport surrounding communities.
- 32 Work is also progressing with the Civil Aviation Authority Adventure Aviation department as to where the best and safest options for a Parachute Landing Area (PLA) would be on the airfield. Now that Part 115 (Adventure Aviation) has been running for the last five years, further consideration needs to account for additional regulatory planning. Discussions are underway with a skydive operation at the airfield. This is a long way through the process and looks likely to happen later in the summer season.
- 33 As part of the preventative maintenance programme for the runway surface discussions are underway with a crack and seal maintenance company that carries out nationwide condition maintenance. This can be carried out in stages to spread the cost and get the best out of the current runway overlay. Council is currently awaiting a final report and costing from the contractor and will possibly extend our anticipated current life span of the present overlay.
- 34 Over the winter period, some of the operational staff attended a joint airfield emergency exercise in Invercargill, where a simulated aircraft crash occurred with an Air New Zealand Q300 aircraft. This aircraft is of a similar type to the aircraft operated by Alliance Airlines of Australia.
- 35 A recent internal audit identified further security signage was required, to bring the fencing and public protection areas up to the new standard.

Forestry (IFS)

- 36 The carryover of the 2016/17 harvesting in Dipton and Ohai has now been completed, with 9,500 tonnes (\$1M income) achieved. The main 2017/18 harvest program of 44,000 tonnes will commence in December/January.
- 37 The planting program has been completed with 75 Ha completed in Dipton and Ohai. Aerial post-plant spraying of these areas is being planned. Other operations underway include pruning in Gowan Hills and carbon measurement across the Post89 registered areas.

Strategic Property

Community Centres

- 38 Edendale Hall is still on the market for disposal by way of a fixed price, given that only one tender was received, which was significantly lower than the market analysis. There is still only limited interest. No action has been taken as yet on the disposal of the Hokonui Hall. Menzies Ferry is in a similar situation however, work has been completed to survey out the local war memorial to be retained by Council, and the two new titles are being arranged prior to starting the local community consultation about closing the hall.

Public Conveniences

- 39 It is expected that the operating costs for those toilets situated on the main tourist routes will increase in line with the increase in tourist numbers.
- 40 A project is currently underway to erect new signage at those facilities where the water supplies are non-potable. This is simply to reduce any risk to both the users and Council.

Curio Bay Project

- 41 Ongoing with Council's waste water project and Department of Conservation's carpark completed. The South Catlins Trust has the new camping amenities building operational as well as commencing construction on the new heritage building. An ancillary project has resulted from all this development and the three parties in conjunction with other interest groups, are involved in a planting programme on the reserve to increase the habitat for the Yellow Eyed Penguins.

Strategic Water and Waste

Te Anau Wastewater Discharge Project

- 42 Following on from the May meeting, work was completed to identify a list of criteria that any potentially available alternative land disposal sites, could be evaluated against. The criteria take into consideration factors such as ground conditions, soil type and suitability for irrigation as well as separation distances from water courses and other sensitive receptors.
- 43 The criteria were publicly advertised for those who wish to offer any land they believe meets these criteria and are willing to sell to Council. The expressions of interest received are currently being evaluated.
- 44 Work has also been progressed with development of the business case for the Kepler proposal for which Council already has consent. Council also approved the key criteria within which the business case is being developed at its 16 should be developed at its 27 September meeting.
- 45 A draft of key parts of the business case will be presented to the Te Anau Wastewater Project Committee at a meeting on 17 October for comment. A revised draft will then be presented to Council in November with the target of a final version being presented in December.

Land and Water Plan Implementation

- 46 Under the National Policy Statement for Freshwater Management (NPS-FM) water quality and quantity are to be maintained and improved, with any over allocation to be phased out over time. Environment Southland is required to set environmental limits by 2025, with all 'communities' required to meet those limits in due course. They are progressing this work via their proposed Water and Land Plan.
- 47 To assist with addressing the impacts of these changes on local authority infrastructure, Environment Southland have formed a Three Waters Officer Working Group. The objectives of the Group are to work through the implications of the new freshwater standards, develop an agreed approach to the re-consenting of local authority infrastructure and ensure that the organisational objectives are aligned.
- 48 In early September the three Southland territorial local authorities presented joint submissions to Environment Southland on the notified Southland Water and Land plan. A key of focus was on advocating for changes, which ensure that the valuable role that 3 waters infrastructure plays, in the broader well-being of urban communities is recognised in an appropriate way. The notified plan proposed, for example, that all wastewater and stormwater discharges would be a non-complying activity. This creates a significant level of risk and additional cost to territorial local authorities, when seeking resource consents for such discharges.
- 49 It is expected that the decisions will be released in April/May 2018. Officers will continue to monitor the outcomes from this process.

Fluoridation of Drinking Water

- 50 Council recently received an update from the Ministry of Health around the status of the Health (Fluoridation) Amendment Bill which may receive a second reading before parliament later this year. This Bill will transfer the right for decisions on community fluoridation from Councils to the District Health Boards.
- 51 A fund of \$30 million over ten years, will be established to fund any communities directed to Fluoridate. Although there is no indication that any request or direction will be made, Council staff are looking into what upgrades might mean for our community water supplies.

Water New Zealand Conference

- 52 A number of Council staff attended the Water New Zealand annual conference in Hamilton in September. As expected issues around water safety formed a large part of the conference agenda.
- 53 A workshop held prior to the conference, featured international guest speakers with direct experience in management and investigation of waterborne illness outbreaks. Key messages delivered were that multi barrier treatment processes are vital to reduce the risk of contamination as much as protection of the source water. A significant number of the speakers also indicated that chlorination of drinking water was a safe and effective tool in the provision of safe drinking water and there was some discussion around how this may become a requirement of the Havelock North Inquiry.

Strategic Roding

Alternative Coastal Route Seal Extension Project

- 54 This project is tracking on schedule with good progress being made. Earthworks and drainage are now complete on Slope Point Road, and The Roding Company have now started these works on Otara Haldane Road, with around 30% of this section completed to date.
- 55 While earthworks are underway on this latest section, Slope Point Road is now undergoing pavement construction, in preparation for sealing that is planned later this year.
- 56 There was one health and safety issue report resulting in lost time injury. This occurred when a worker slipped and injured their leg while climbing out of a truck.

New Zealand Transport Agency (NZTA) Investment Procedural Audit

- 57 The finalised Audit was received from NZTA at the end of September. No areas were identified as unsatisfactory or needing significant improvement. Two areas have been highlighted for some improvement. These are around consistency of late tender's policy in tender proposals. The second area revolved around procurement of in-house professional services and Council's need to document the formal management structure for in-house operation.

LED Streetlight Replacement Programme

- 58 Services and Assets have accepted a tender from Network Electrical Servicing and have been awarded the contract for the physical installation of district LED lights subject to formal New Zealand Transport Agency funding approval. All replacement work is expected to be completed by 30 June 2018.

Community and Futures

Southland District Story Launch

- 59 The new Southland District Story was successfully launched on Monday, 2 October to the public. All the Council offices and libraries have new signage, and there are new 'Welcome to Southland District' signs at district boundaries.
- 60 There was good coverage of the launch in all the local newspapers and good feedback on Council's Facebook page. The formal launch represents the beginning of the story though, as work continues on standardisation of signage, working with our contractors to tell the story and constantly looking at new ways to partner with our communities in leading the way.

2018-2028 Long Term Plan (LTP)

- 61 Work on the 2018-2028 LTP is coming together with a lot of work progressed around draft Activity Management Plans (AMPs), budgets and policies which will underpin the LTP document.
- 62 During September Council held two workshops to discuss a number of aspects of the LTP including:
- draft AMPs for several activities including Roading and Footpaths, Resource Management, Environmental Health, Animal Control, Building Control, Customer Support, Library Services and Information Management. The workshop provided an opportunity for officers to update elected members, on what they were anticipating would be required over the ten years in their activity areas and also, brief them on the key issues and significant costs for the activity. The feedback from these workshops will be used by officers to finalise the AMPs in October (following local Community Board/ Community Development Area Subcommittee budget meetings and Council's district budget meeting). The final draft of the AMPs are expected to be presented to Council for confirmation in November prior to being audited later that month.
 - the approach being taken for the local community budgets with meetings of Community Boards, CDA subcommittees and Water Supply subcommittees scheduled throughout October 2017. The Council discussed some of the key issues impacting on local budgets and rates, in particular the impact of the Land and Water plan for Stormwater as well as the assumptions around inflation and interest rates to be used in the budget preparation process. The Council also discussed a number of local community rating-related issues which impact the way rates are set in the LTP (including rating boundaries, rating mechanisms and the Council's definition of Separately Used or Inhabited Parts (SUIPs)). The information is being used to help prepare reports for local Community Boards and CDA subcommittees and feed into the review of the Revenue and Financing Policy and the Funding Impact Statement (Rates) for the 2018-28 Long Term Plan.
 - draft report reviewing Council's open spaces (parks, reserves, playgrounds, picnic/rest areas, playgrounds, playing fields etc) across the District. The review identified a gap between the Vision and Objectives set by the Council's Open Space Strategy and the current state of these spaces. At the workshop the Council discussed whether there was a need to take a more strategic approach to managing open spaces but has not decided on the way in which this will be done. Officers are currently working through the report and assessing what will be done and when. Depending on priorities, some of this work may

form part of the LTP Consultation Document along with the overall concept of Council needing to make a significant investment in its open spaces.

- the approach being taken for the review of the Development and Financial Contributions Policy (which sets out how and when Council proposes to charge/use Development and Financial contributions, what they fund and why). At the workshop officers updated elected members on the key issues to be considered in reviewing the policy ahead of the LTP. Specific areas for review included how to respond to the legislative changes in the RMA which will mean that Council is no longer able to impose Financial Contributions as well as whether the Development Contributions section of the policy should remain in remission. A draft of the Policy is being prepared for consideration at the Council's October meeting.

- 63 At its meetings in the coming months, Council will be asked to consider the options and make decisions regarding the above aspects of the plan. This will include a further meeting in October, to outline the Council's draft District budgets and update members on the Revenue and Financing Policy (which sets out the sources and levels of funding for Council's activities).
- 64 In addition, during September, a number of LTP-related policies were also adopted by Council following review and consultation. This included the Remission and Postponement of Rates Policy, Investment and Liability Management Policy.

Policy and Bylaw Reviews

- 65 The revised Fraud, Remission and Postponement of Rates, and Investment and Liability Management Policies were all adopted by Council on the 27th of September.
- 66 The proposed amendment to the Dog Control Policy and Dog Control Bylaw for the Arboretum in Otautau was withdrawn by Council at the same meeting in September, due to feedback received from the lessee of the Arboretum.
- 67 The proposed amendment to the Freedom Camping Bylaw for Lumsden has been out for consultation and the hearings have been held. Council will deliberate on the proposal at its meeting on the 18th of October.

Community Governance

- 68 The Community and Policy Committee considered a report on the Community Governance Project. During the meeting it was noted that this project began in January 2015, with research and a workshop held with the Council in mid-2015.
- 69 The Elected Representative Working Group met recently and received an update on the project plan. It discussed 12 guiding principles on which the Representation Review will be based. These are in addition to the requirements in the Local Electoral Act 2001. The report noted that Council has an appetite for change and there is a need for a structure that is efficient, effective and future focused.
- 70 The Council is beginning a period of pre-consultation. An article has appeared in 'First Edition'. This has an email address via which anyone can write in and seek information, ask questions or express their views. The email address is representationreview@southlanddc.govt.nz. The representation review will be the focus of the community conversations taking place throughout the district in November. The pre-consultation will feed into a report to Council in April with an initial proposal that will go out for consultation.

Item 7.5

- 71 As part of the Representation Review process the Council has reviewed the electoral system and decided to retain the First Past the Post electoral system to be used for the 2019 elections. It will make a decision on Maori representation on 18 October 2017.

October Extraordinary Community Governance Meeting Requirements

- 72 In order to ensure that information from all the Council's governance entities is captured in a timely manner, for the production of the consultation document for the 2018/2028 Long Term Plan all entities were required to meet in October.

- 73 This meant coming up with a solution that would allow all 36 governance entities to meet in October to consider their budgets for the ten years. This has required a number of groups having parts of their meetings at the same time while still making their own decisions. This was an extraordinary situation that required a particular set of arrangements. It does, however, highlight the challenges associated with Council having such a large number of governance bodies.

Community Leadership Plan

- 74 Council's Community Partnership Leaders are about to commence work with phase two of the Community Leadership Plan process.

- 75 Phase two will see engagement with key stakeholders being undertaken through a series of workshops held in Invercargill, Gore, Te Anau, Wallacetown and Otautau. These workshops will build on phase one of the community leadership planning and draw out common themes and ideas from key stakeholders. The dates for these workshops are as follows;

- Invercargill - Monday, 6 November 2017, 12 - 2pm at the Invercargill Workingmen's Club
- Gore - Friday 10 November 2017, 12 - 2pm at the James Cumming Wing
- Te Anau - Monday 13 November 2017, 12 - 2pm at the Te Anau Club
- Wallacetown - Friday, 17 November 2017, 12 – 2pm at the Wallacetown Community Centre
- Otautau – Thursday, 23 November 2017, 12 – 2pm at the Otautau Combined Sports Complex.

- 76 Stakeholders will include representatives (regional and local) from a variety of sectors such as health, education, recreation, social service, faith based, service groups, emergency services and central government agencies.

- 77 The phase two workshops will follow a similar direction to the elected members' workshops with participants being advised of the process we are undertaking and being asked the same series of questions in order to gauge what our stakeholders see as the issues and opportunities for the District as a whole.

- 78 Phase three will commence by March 2018 and will see us talking to the wider community about common themes identified during phases one and two. Phase three involves facilitating an opportunity for community leadership and action with partnering from Council and other key stakeholders in a "fete" style engagement.

Stewart Island Community Planning Project

- 79 In August 2017, the Ministry of Business, Innovation and Employment approached Council, to lead a programme of development and consultation around opportunities and planning for the future of Stewart Island. The catalyst behind this was the recent Bonamia Ostreae parasite that has devastated oyster production on Stewart Island.
- 80 Cabinet approved funding to deliver this project that will cover the cost of a consultant to develop a community leadership plan that identifies priority project development, and investment planning for future opportunities that might be identified.
- 81 The purpose of the project is to determine the short, medium and long term community vision and for the future sustainability and growth of Stewart Island Rakiura. The project will include engagement on the Island through a community working party, workshops, focus groups, and surveys.
- 82 The engagement will seek, at a minimum, key stakeholder and community views on planning and visions for the economic, social and environmental development of the Island. It will also identify the infrastructure needed to support the achievement of the overall goals. The Community Plan for Stewart Island, will have alignment to the District's Community Leadership Plans currently underway.
- 83 Council has engaged independent consultant Sandra James to undertake this work. Sandra James has recently completed the Stewart Island Wharfing Provision Community Engagement research for Council, and has developed a trusted and respectful relationship with members of the Stewart Island community. A draft Community Planning report will be completed by November 2017.

Southland District Council / Venture Southland Letter of Expectation Projects

- 84 As part of the Southland District Council's Letter of Expectation with Venture Southland, a number of Community Development Priority Projects have been identified for 2017/18. The projects identified include:
- Southland District Local Community Sustainability Strategic Approach; the project will be completed by February 2018.
 - Newcomers Project – this project, in consultation with Venture Southland, has been modified to now reflect a Welcome Ambassador Pilot, and will have peripheral connection with the Welcoming Communities Pilot being initiated throughout Southland Region. The Pilot will be trialled in Te Anau, where community workers have expressed interest and the geographical isolation and demographic of high tourism and seasonal workers, alongside a growing domestic and international population base makes the area suitable to investigate further. A Welcome Ambassador project has been successfully undertaken in North Canterbury and this project will utilise some of the resourcing and learnings from that Pilot. Permission has been received from the Pegasus Town community to trial a similar project here in Southland. This project will be completed by June 2018.
 - Community Organisation and Volunteer Sector Projects – there are two projects following on from the initial project undertaken in 2016/17 that will build on this work. There will be two pilot projects, one based on geographical area and the other around areas/communities, both of which will look at the potential for shared services

opportunities in the volunteer and Non-Government Organisation (NGO) sector. Both pilots will be completed by June 2018.

- Community Facilities Project – this has been completed and was reported on to the Community and Policy Committee 27 September meeting. The next steps are to use this data to help inform communities and incorporate the findings into the asset review work that is being undertaken by Council's property department.
- Community Leadership Plans – an update report was submitted to the Community & Policy Committee 27 September to update on this project. Phase 2 and 3 of this project will be undertaken throughout late 2017 and early-mid 2018, involving key stakeholders and overall community. The district leadership plans will align with the Stewart Island community leadership plan being fast-tracked with assistance from MBIE funding.

Southland District Local Community Development Sustainability Strategic Approach Project

- 85 The purpose of this project is to define, develop and deliver on the concept of a district wide approach to community development, and to review at a strategic level, the prioritisation of projects and local and district community organisation support.
- 86 The project will ultimately confirm a framework for future community development delivery across Southland District, and provide a more holistic approach to local and district wide community development activity.
- 87 This project will involve a series of workshops between community development staff and the community partnership leader(s), and will be completed by early 2018.

Welcome Ambassador Pilot

- 88 The purpose of this project is to develop and deliver a pilot in Te Anau that has a focus of intentional welcoming. The intent behind this project is to have Welcome Ambassadors which are community volunteers who intentionally connect people in their communities, and who may also encourage and enable opportunities for people to feel included and able to connect. The pilot will be developed and run over the course of the next financial year, and will be close to completion by June 2018.
- 89 Welcome Ambassadors have the commitment of intentional welcoming. In rural, geographically isolated communities there can be hidden isolation, often without a conscious choice to be so. The notion of moving to an idyllic rural location can be more difficult and challenging in reality than people in our communities may realise. Being a welcoming community can significantly enhance the experience of residents, ratepayers, and visitors to the area.
- 90 As a District and Region hoping to attract over 10,000 new people to the Region, it is imperative that we have communities ready and willing to receive and welcome new people into their existing lives.
- 91 The Welcome Ambassador pilot also recognises that many individuals and organisations are already welcoming, and have skills and behaviours relevant to being welcoming that are utilised on a daily basis.

92 The purpose of this pilot is to enable and facilitate a project that gives these community members the permission to be intentional in the way they welcome people to their communities. Their role will be to raise awareness of activities and groups already active in the community, and to establish new and creative ways for people to connect into the community.

93 The pilot will involve a small number of public meetings to gauge interest and support in this project, and the establishment of a steering group to move the pilot forward.

District Facilities Report

94 In November 2016 an assessment of facilities in the Southland District was undertaken to identify those that are available for community use or hire. This assessment sought to inform Council and communities in the Southland District in their planning around community facilities now and into the future.

95 Community use facilities were defined as any facilities that were available for use by members of the community, either free of charge or by hire, on a booking basis. That included government, faith-based and not-for-profit run facilities as well as commercial facilities. The project sought to understand the change that have happened in community facility use, what's happening now and what this means for the future.

96 The aim of the Southland District Community Facilities Assessment was to conduct a comprehensive investigation of all community facilities within the Southland District, including an assessment of current use, future sustainability, and consideration of fit-for-purpose.

97 Information was gathered over two rounds of consultation, using electronic surveys on Survey Monkey with responses from 183 facility managers and 100 facility users. Interviews with 30 community facility managers and 30 facility users were also conducted.

98 Some Key Findings of Assessment:

- 330 facilities are available for community use or hire across the Southland District (excluding Stewart Island) - including halls, sports centres, schools, churches and commercial facilities. Only three planned facilities were identified, and as these facilities have community use or hire as a secondary use, this does not represent a significant increase to community use capacity District-wide.
- nearly 70% of facilities available for community use or hire in the District are independent from Council (e.g. not-for-profit or commercial).
- facilities which have community use as secondary to their core business (eg, pubs, churches etc.) are in the majority and these include some of the most well used facilities in the District. It is likely that these facilities have come to play a larger role in community facility provision as changes in user needs over time favour greater amenity and flexibility, and facilities whose whole purpose is community use (e.g. community halls) have adapted or closed.
- the largest number of facilities are used by the community between 0-5 hours per week.
- the most used (in hours of weekly use) facilities tend to have multiple users and provide multi-purpose space; be located in areas of higher population density or central to a wider

population catchment; have high fit-for-purpose; and good relationships with facility managers.

- only 40% of the facilities surveyed were wheelchair accessible and it is significant that this was identified as a stronger priority by users than facility managers.
- one certainty is that what Southland District residents need from community facilities will continue to evolve. Ongoing efforts to understand these needs is critical to inform future facility provision, and this assessment will contribute to this knowledge.

- 99 The data that has been gathered for this report will provide information for discussions with communities. It will also link into the strategic planning work that the Council's Property Team will be doing.

Open Spaces Report

- 100 The open space network managed by the Council is characterised by predominately small domains reserves primarily established to meet the needs of local communities. Council administers about 1250 hectares of reserves, including 34 sports fields and 36 playgrounds. The aim of the Open Space Priority Settings project undertaken by Xyst consultants was to provide a strategic approach to the management of the open spaces managed by the Council with the focus on ensuring the needs and expectations of residents and visitors are met.
- 101 The Council's Property Department is looking at what it needs to do to implement the Open Space Strategy which Council approved in 2014. The Southland Open Spaces Priority Setting report will be used to inform that work. Its key findings were:
- while there have been some notable exceptions, facility development within the open spaces managed by the Council has been modest over the last 30 years despite a sustained period of extraordinary tourism growth.
 - funding does not appear to have been sufficiently prioritised into the districts open space compared with other similar districts. It is also evident that there is a clear lack of professional design input into the majority of developments and some facility improvement has the appearance of being ad hoc and incremental.
- 102 The key challenges facing the Council in the management and development of its open space are:
- providing appropriate community facilities that are fit for purpose and are relevant for the needs of local communities for the future.
 - determining the best approach to freedom camping for Southland. Freedom camping is likely to continue to be a popular way to experience Southland. There is potential to develop many of the Council's reserves as freedom camping sites however this would come at considerable on-going cost to ratepayers with uncertain economic benefits.
 - funding the development, maintenance and renewal of infrastructure to meet the needs of local communities and visitors
 - a freedom camping strategy is needed otherwise the Council is at risk of developing facilities for freedom camping that cannot be sustained or adequately funded. An

appropriate strategy would investigate the economic contribution of freedom camping to townships, costs and benefits and potential funding models including options such as a low cost camping pass.

- considerable investment in the design and improvement of facilities is required to make Southland's public spaces attractive.

- 103 The Council will now need to consider how it will use the information provided in the Southland Open Spaces Priority Setting Report, to meet the Vision and Objectives of its Open Spaces Strategy 2014. Any decision to improve the level of service will require investment which will need to be signalled in the Long Term Plan.

Venture Southland – Community Development

Tumu Toka Curioscape

- 104 The South Catlins Charitable Trust is pleased to advise that the build of the natural heritage centre, to be named Tumu Toka Curioscape, is progressing to schedule. The building is now closed in and heavy machinery works have been completed.
- 105 The Trust have been working with branding agency Swordfox to give the centre a strong visual identity and are close to having a final logo developed. The centre name of 'Tumu Toka Curioscape' uses the Maori name for Curio Bay 'Tumu Toka' with the word 'Curioscape' - a play on the Curio Bay name, the idea of visitors being 'curious' to learn more, and the importance of the natural land 'scape'. In the next few weeks Swordfox will also start to develop a new website to promote the centre to visitors.
- 106 The Gibson Group who are developing the interpretation are currently finalising content and working on the finer details of the exhibition. They have just completed 8 days of filming in order to create the film experience that will be part of the centre and the mobile app that will support visitors exploring the outdoors. In November a team from the Gibson Group will be in Curio Bay for 3 weeks to install the exhibition so it's ready in time for the planned opening in December 2017.

Wyndham Museum

- 107 Staff continue to work alongside the Wyndham and Districts Historical Society with planning for the future of the Wyndham Museum, and assistance with funding applications for operational funding.

Volunteer / Not-for-Profit database

The community Development team have been assisting Council to develop a database of volunteer and not-for-profit groups – for SDC to use to provide relevant information to the community on e.g. consultations and events.

Environmental Services

Resource Management

Proposed District Plan

- 108 The final appeal on the Proposed District Plan 2012 has been withdrawn. This appeal was withdrawn approximately five weeks after mediation was held on the remaining appeals. The next steps involve seeking Environment Court approval of consent orders, for the

resolutions reached during mediation. If this is forthcoming, a report will seek that the Proposed District Plan be made operative which is likely to occur in late January 2018.

Climate Change

- 109 A work stream has been established that looks at the likely effects climate change will have on the district's communities and the organisation's infrastructure. This has been established not only to look at sea level rise but, also the wider effects across the district. A number of meetings have been set up with other organisations, to see if there are any opportunities to collaborate and work together on developing strategies.

Edendale State Highway 1 Realignment

- 110 A recommendation to grant the Edendale State Highway 1 realignment has been made by an Independent Hearings Commissioner. This recommendation has been accepted by New Zealand Transport Agency and the appeal period has closed with no appeals. It is anticipated that works on the realignment will commence in the next 12 months.

Resource Management Changes

- 111 On 18 October, the latest Resource Management Act 1991 amendments will come into effect. The changes introduce a number of new regulations including, 10 day consent processing for some applications, waivers for minor or temporary breaches in rules and a process to get quick authority to breach side yard setbacks. A number of new forms and procedures have been established to manage the implantation of these changes.

Animal Control

Dog Attacks

- 112 The team is doing some work around dog attack information. Currently all reported dog bites are recorded as "attacks". The team proposes to break down this information into a more useful format, e.g. differentiating bites from attacks, identifying whether the victim was a person, dog, etc. This work will also tie into the new Levels of Service outcome measure, where it is proposed to have a Level of Service of the number of dog attacks on people in a public place – moderate and serious.

Environmental Health

Winton Air Quality

- 113 Council has completed a survey of Winton residents concerning air quality, at the request of the Community Board. 211 responses were received, giving a margin of error of +/- 6%. The survey showed that 73% of the population support action to reduce smoke pollution. The following are the most important issues arising from this survey:

- the burning of only dry wood (burner permitting) would have a significant effect on smoke pollution in the town.
- upgrading insulation, or installing new insulation, has the potential to make many homes significantly warmer (and more energy efficient = less smoke).
- there are hot spots that require attention.

- 114 A further report on this issue was presented to the Board on 9 October 2017.

Freedom Camping in the Catlins

- 115 Staff attended a meeting at the Tokanui Tavern concerning freedom camping. There were various agencies there including Department of Conservation, Clutha District Council, and Venture Southland. One outcome of the meeting was a discussion about the merits of a new shared freedom camping patrol service; similar to the one in Te Anau. Clutha District Council, Department of Conservation and Southland District Council representatives at the meeting, all agreed that this should be explored further, and a meeting will be held between the three officers in early October.

Building Control

- 116 The Building Department is enjoying an unexpected high level of activity so far in 2017. The value of consented building work for the year to date remains higher than expected and is reflective of the levels seen prior to 2014. The Department continues to reduce the number of outstanding building consents. The distribution of building work throughout the district has established a pattern with Winton, Riverton and Te Anau being the areas of high activity. Council continues to receive a high number of building consent applications, but with the better use of dashboards, staff are better able to manage peaks and flows.

Earthquake-prone Buildings

- 117 As required by the 2016 regulations, Building Control staff have drafted new policies to deal with dangerous and insanitary buildings. Council had a joint Earthquake-prone Buildings, Dangerous and Insanitary Building Policy. These need to be separated out now, as there is a national Earthquake-prone Buildings Policy. The new policies have been aligned with the approach taken by Invercargill City Council and Gore District Council. This approach is in line with our shared services policy- where possible Councils will align our procedures across all four councils. The implementation of the Earthquake-Prone Building Regulations is a substantial portion of Council's Territorial Authority functions for the 2017-2022 years along with the obligations under the Building (Pools) Amendment Act 2016. The recent events in Italy and Mexico highlight how important this work is for the safety of our communities.

People and Capability

- 118 Health and Safety continues to be a focus with work progressing well on the 2016/17 plan. There are five key focus areas including completing the implementation of the Health and Safety Framework, critical risk, health and safety participation, incident management and measuring and monitoring.

Item 7.5

- 119 Work continues on managing the identified critical risks. The new risk and management procedure outlines how Council will identify and manage its critical risks, including the development of control plans and assessment against the effectiveness of these controls.
- 120 One of the critical risks is driving. As part of this review a new Motor Vehicle Policy has been adopted for Council staff. The policy has a strong focus on ensuring that health and safety is a predominant factor, including specification of minimum safety requirements for vehicles and postponing or delaying travel in adverse conditions. The aim is to encourage people to be bold and to actively think about their own and others safety and wellbeing, so that we deliver safe and effective services to our community and that everyone gets home safe and well.
- 121 Two new Leaders within the Customer Support Team started at Council in October; Paula Woods and Jodi Findlay. Both Paula and Jodi have extensive leadership and customer service experience.
- 122 Our Group Manager of Services and Assets, Ian Marshall has signalled that he will be retiring at the end of 2018. To ensure a smooth transition process a succession plan has been developed that will see us begin a recruitment process for the Group Manager Services and Assets role in mid-October. Mr Marshall will remain in the position until a replacement is here to takeover, which is likely to be early in 2018. He will then move into a role managing specific strategic projects under the Chief Executive's direction. This approach will ensure that there is a smooth handover process and give time for the Group Manager to 'get their feet under the table'

Finance

- 123 Income for the Edendale-Wyndham Community Board is on track and within expected levels. There are some minor movements in the cemetery budgets due to a higher number of internments than budgeted for at this time in the year to date.
- 124 Expenditure for the Edendale-Wyndham Community Board is showing lower than expected in the year to date. This is due to scheduled and budgeted maintenance not yet required or undertaken. There is also a higher than expected expense against cemetery due to a higher number of internments than budgeted for this time in the annual budget.
- 125 It is worth noting that the budgets are phased on a monthly basis, and while some budgets appear to be underspent, they can still be on track for maintenance schedules that take place periodically throughout the year.
- 126 Capital expenditure for the year to date has not yet had any expenditure made. This is due to the acquisition of library books budgeted but not yet purchased, and a street works budget against footpathing, that will be incorporated into the larger footpathing works scheduled for Edendale-Wyndham currently being investigated by the Board.

Recommendation

That the Edendale-Wyndham Community Board:

- Receives the report titled "Council Report" dated 17 October 2017.**
- Note the letter from Menzies College dated 28 September 2017.

28 September 2017

Dear Pam and Community Board Members

Since arriving at Menzies College in 2007 I have been surprised that there is not a hard filled footpath of either a concrete or asphalt nature on the south side of our school. This is by far the most used footpath in Wyndham with the exception of the shopping area and from my inquiries, has never been constructed of a hard permanent material.

Twice a day the school buses load and unload students from the primary and secondary schools in this area as well as Florence Street being the main parking reserved for staff and students of these two schools.

Our caretaker is constantly complaining of the stones that filter onto the grass area between the footpath and the buildings making mowing a tricky operation at times. We have also tried to tidy up this frontage by removing the original post, pipe and netting fence that indicated a boundary but served no purpose. We intend to undertake more planting in the near future. Wyndham Primary School have completely reshaped their street frontage to be more inviting.

On arriving in Wyndham from the Invercargill side, Community Board work has been undertaken to beautify the embankments with small and mid-size plantings, Wyndham Primary School have completed their native area where the large trees were removed yet we have this dishevelled footpath on the north side of Florence Street blotting ones impression of the town and not being as functional as would be expected.

With up to 400 users a day either walking along, or across, this pathway to access the schools, full consideration needs to be given to a formal allocation of funds to upgrade footpath works in this area of Wyndham. Since originally noticing the lack of a solid filled footpath I have observed all other schools and have yet to see another school in the city or a township like ours, have a gravel footpath on their longest boundary line and most used access point.

In light of the latest funding allocations I request that the Community Board give serious consideration to the complete and permanent construction of a hard filled footpath in Florence Street between the town's two schools.

Yours sincerely
Gerry Ward

Principal - Menzies College.

4 October 2017

Dear Pam and Community Board members,

I am writing regarding the footpaths outside Wyndham School. In the four years that I have been here we have tried a variety of surfaces on our footpaths outside Wyndham School (Florence St, Wyndham) including stone chips, river stones, no fill and currently a mix of dirt and small stones—all of which are not ideal outside a school.

Our footpaths cause students to fall and scrap their knees (there have been three incidents of this in the last term, they are hopeless for our mothers pushing prams as the prams don't move easily over the footpaths. These footpaths outside school are the only hazard still on our hazard register from when I arrived here four years ago and of ongoing concern.

We have nine buses arriving and leaving from school every day and between 200 and 300 people using the footpath every day that our school is open. We have developed a car park, redeveloped our school frontage and spent considerable amounts having our lawn mower fixed due to stones from the footpath getting onto the grassed area outside school and damaging blades.

I am writing to ask for you to give full consideration to the upgrade of the footpaths in front of both Wyndham School and Menzies College (next door) as the Florence St entrances to the schools are not ideal at all. Please consider the hard filled construction of the footpaths outside our two schools as this is the most used footpath in Wyndham township and it is causing ongoing health and safety concerns for our students and their families.

I appreciate that funding is difficult but in light of the latest funding allocation I ask that you please consider our request for support with these footpaths, thank you.

Yours sincerely

Kim Scott
